

WESTBROOK HIGH SCHOOL

Operated by LA Promise Fund

Prop 28 23-24 Annual Update-Russell Westbrook Why Not? High School Art Program

Art Course: Designed for high school students, the Art course caters to beginning level artists. This course offers interactive activities and multicultural studio projects that showcase a diverse range of cultures, artistic styles, and art media.

Enriching Experience: The course aims to enrich the lives of participants through exploration and creative problem-solving. Students are exposed to a variety of cultural perspectives and artistic expressions, broadening their perception of the world around them.

Hands-On Learning: Students engage in hands-on learning experiences that encourage self-expression and creativity. The course integrates aesthetics, art criticism, art history, and studio production, providing a well-rounded approach to artistic development.

Progressive Lessons: Lessons in the Art course build upon foundational concepts, offering learning opportunities that span across different media, artistic styles, and historical periods. Students are encouraged to explore and experiment with various artistic techniques to enhance their skills and knowledge.

By offering the Art course with interactive activities, multicultural projects, and hands-on learning experiences, our high school's arts program provides students with a comprehensive and enriching artistic education that fosters creativity, cultural appreciation, and personal growth.
